Find out more about our study options

Eastern is the only Victorian Christian Tertiary College to offer face to face classes at its Wantirna Campus and provides the flexibility of a synchronous learning model of delivery for regional and remote students. **Units are available online or through a blended-model delivery.**

Eastern is co-located with Melbourne School of Theology as a result of a cooperative partnership between the two colleges. This provides many opportunities for study and faith to be intertwined within an academic community including a weekly Chapel service available to all.

The College also teaches units and courses at several other locations including partnerships with top Christian Schools across Victoria. Internships are an option for selected students currently working in faith-based Christian Schools.

Learning 'hubs' across Victoria allow for student connection and support from college faculty and staff.

For more information on delivery modes and study options, please contact Student Services on (03) 9790 9200.
